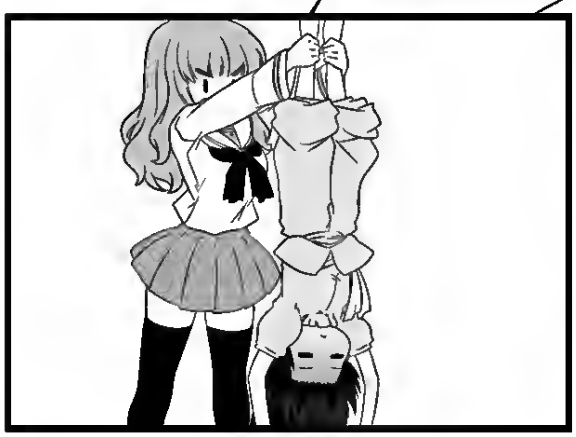
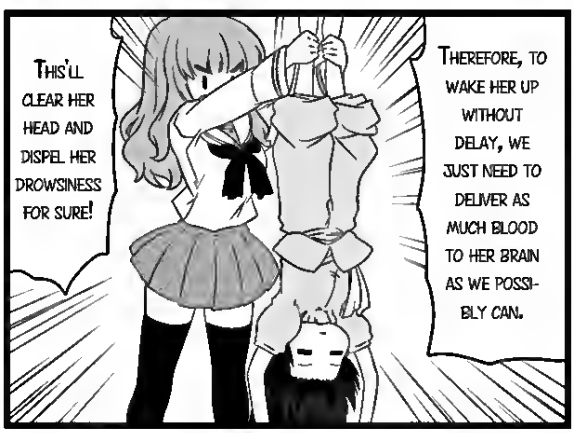
Ed. note: The omakes numbering corresponds to it being the first and second omakes of the second MLLSD tankouron. Yet they are chronologically the third and fourth MLLSD omakes published, and together they're the fourth omake scanlated by us (we apologize for the number dance) – we've decided to keep the original numerati[illegible]stead of overwritting it, which would lead to some more confusion in the future.

OMAKE 1

It's the web version edition! Part 1

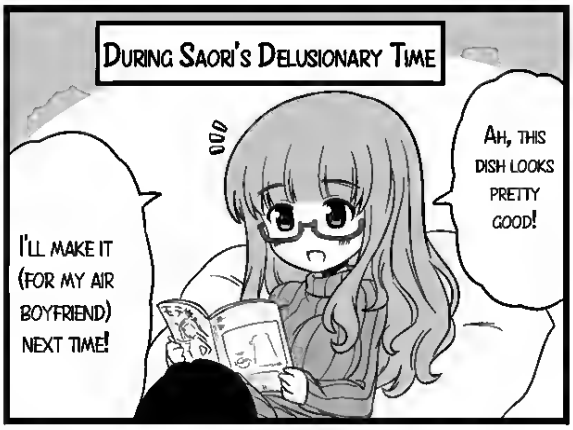
Failure to Wake

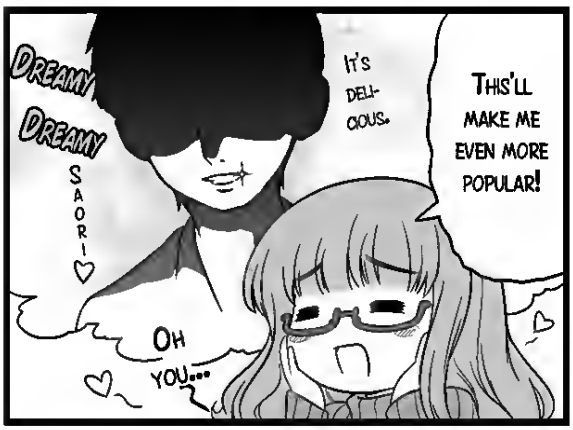


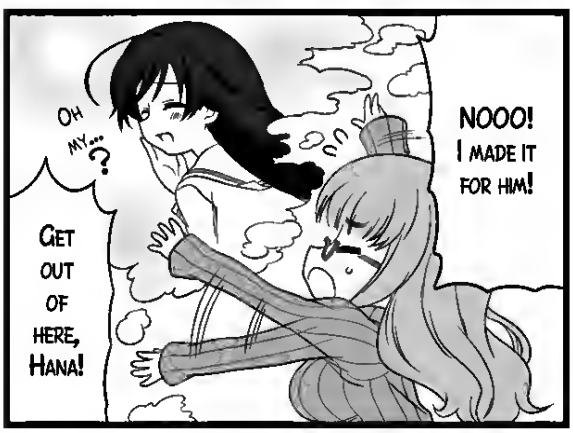


This'll clear her head and dispel her drowsiness for sure!
Therefore, to wake her up without delay, we just need to deliver as much blood to her brain as we possibly can.

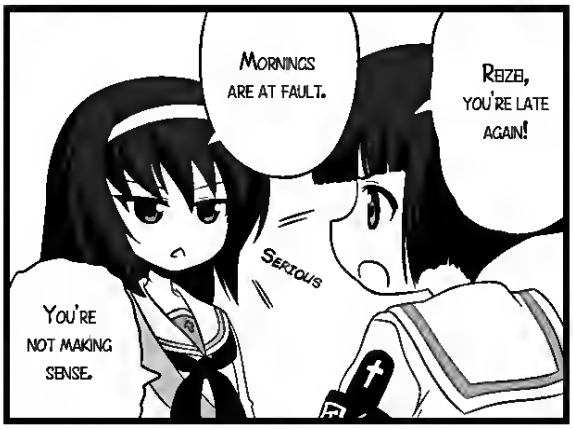
Who It's For

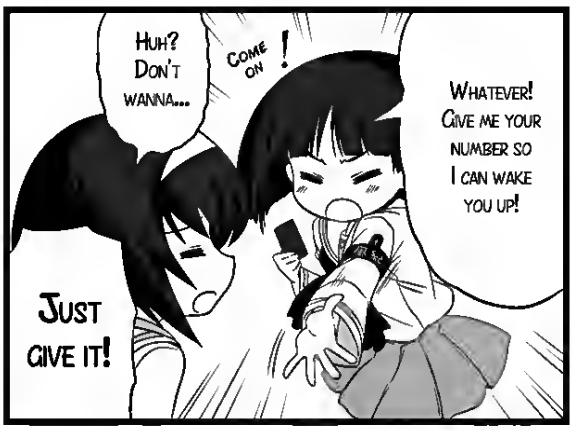


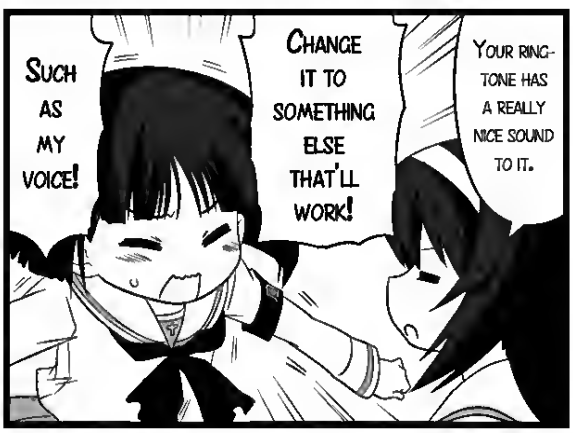




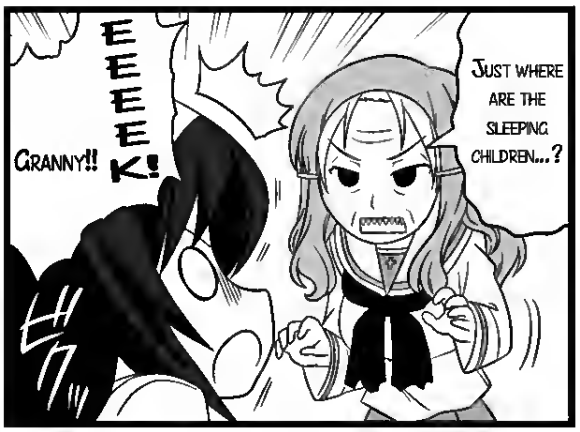
Sodocall

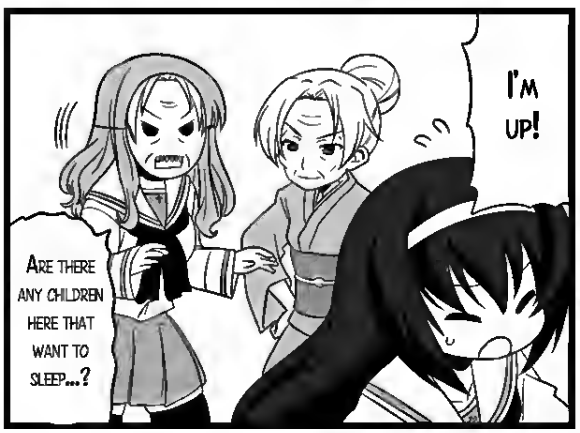


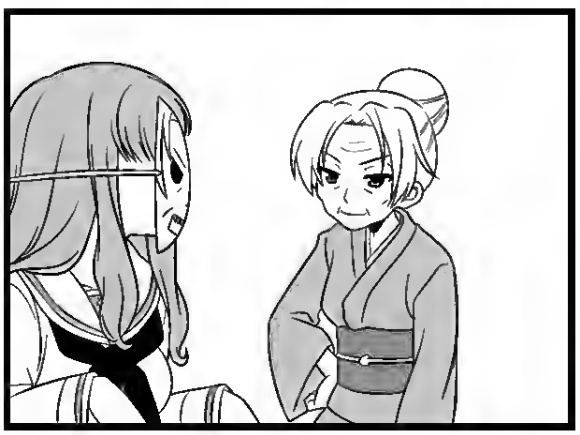




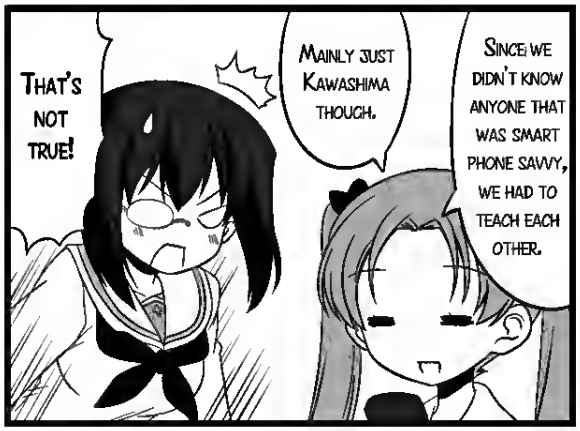
Project Granny



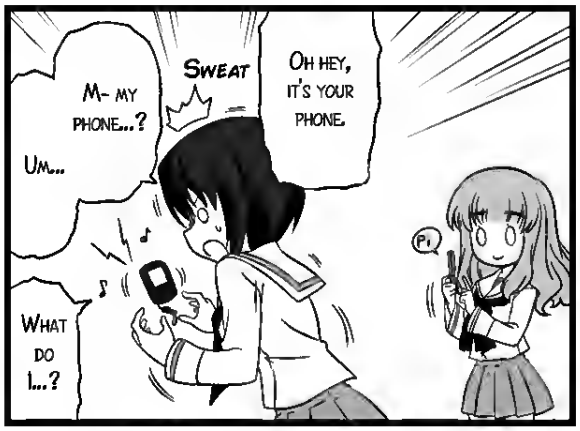


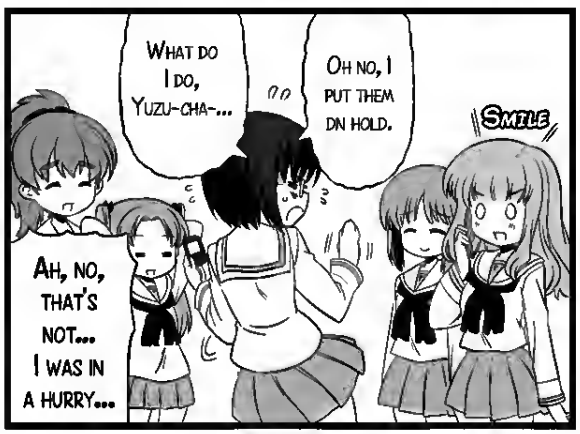


Matching Phones



That's not true!
Mainly just Kawashima though.
Since we didn't know anyone that was smart phone savvy, we had to teach each other.

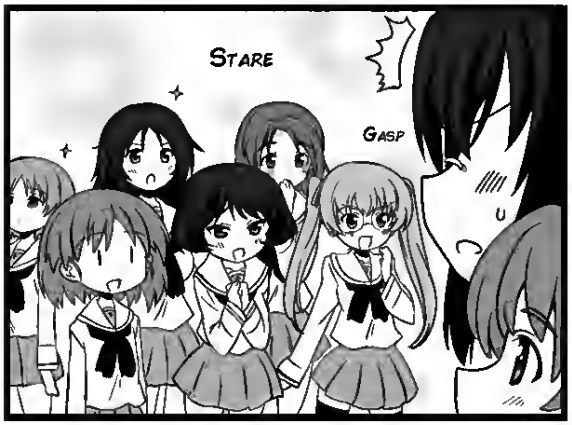




Scandal

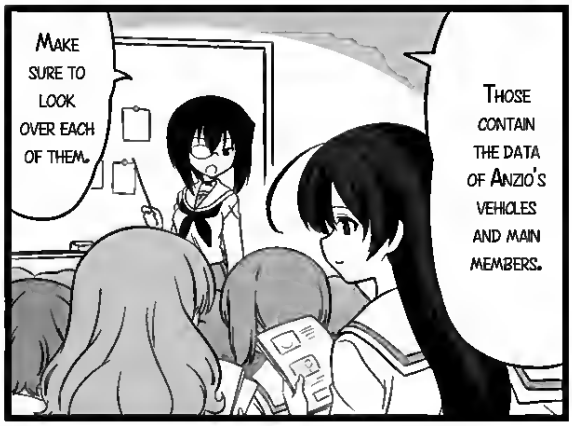
Midst buying.
Let's load up on some delicious nabe to eat!
We'll likely be staying overnight in the Student Council room again.

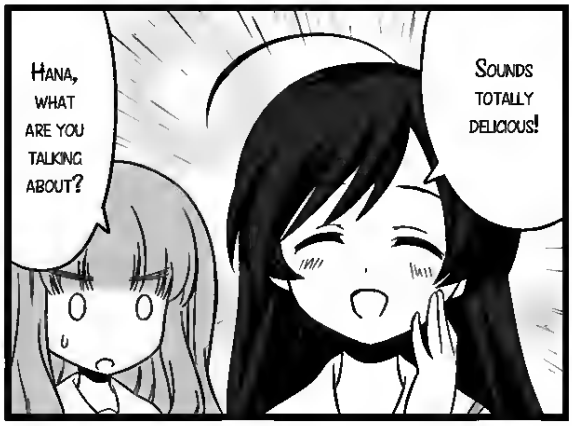
Baci Curry nabe



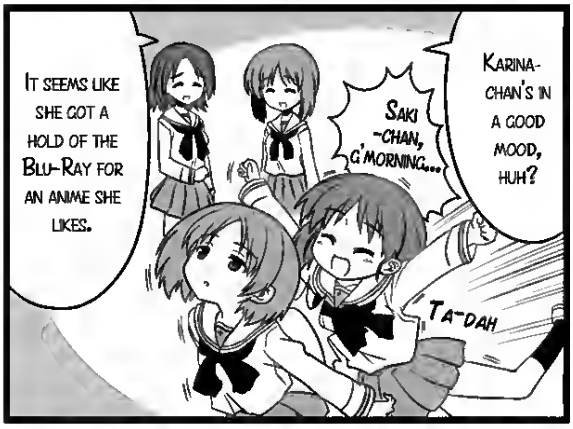
"Darling" is used in Japanese, which in this case means "you", but can also mean "darling" in certain contexts.

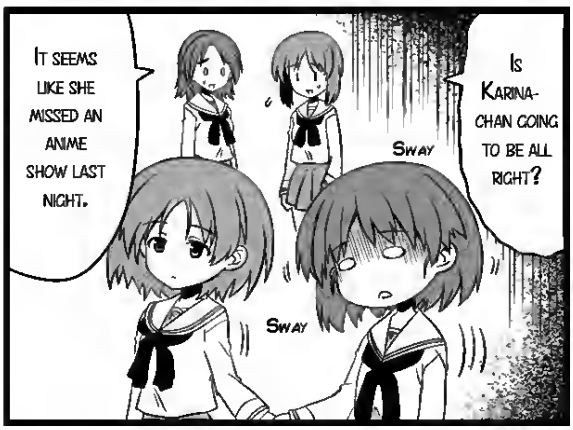
Gourmet High



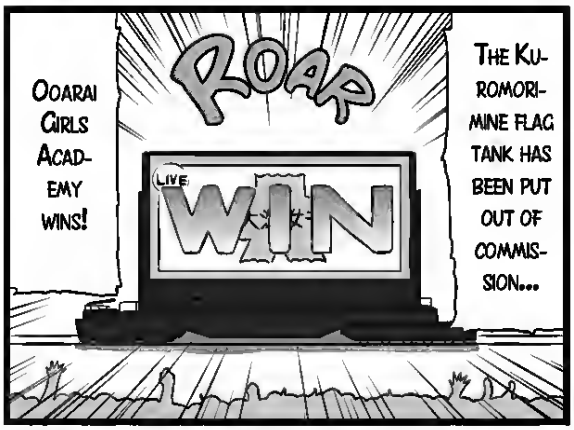


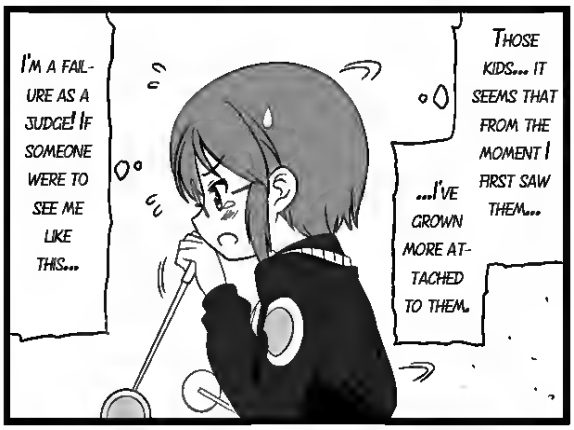
Karina's Moods





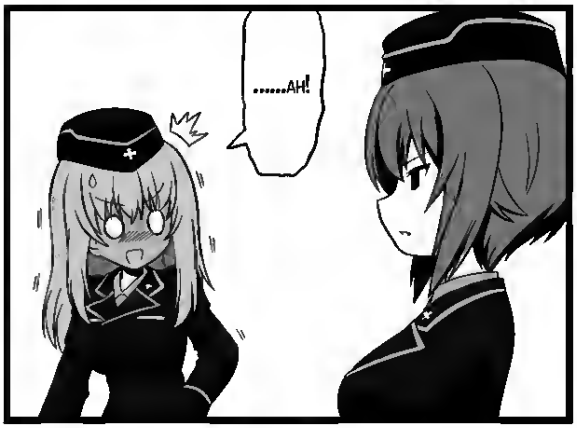
But I'm a Judge



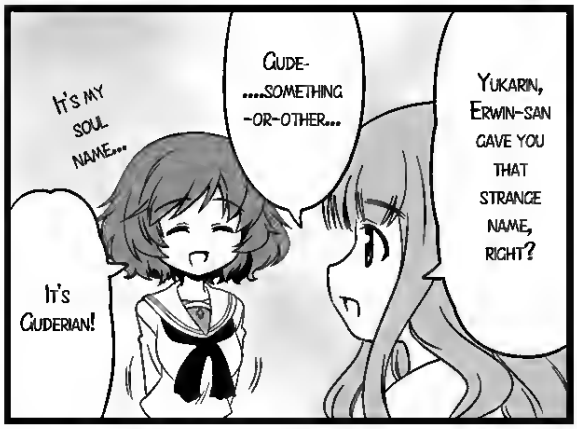


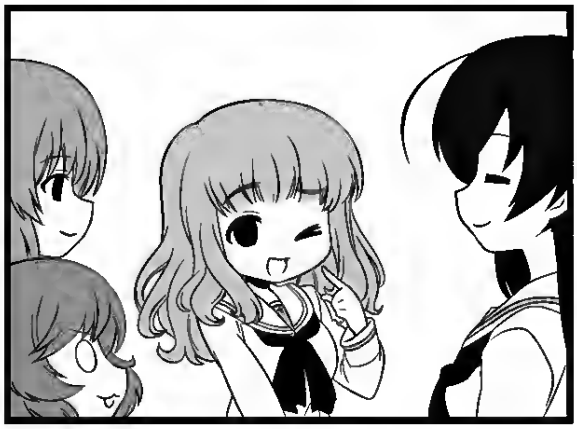
I'm a fail-ure as a judge! If someone were to see me like this...
Those kids... it seems that from the moment I first saw them...
...I've grown more at-tached to them.

In the Spur of the Moment...



Soul Name

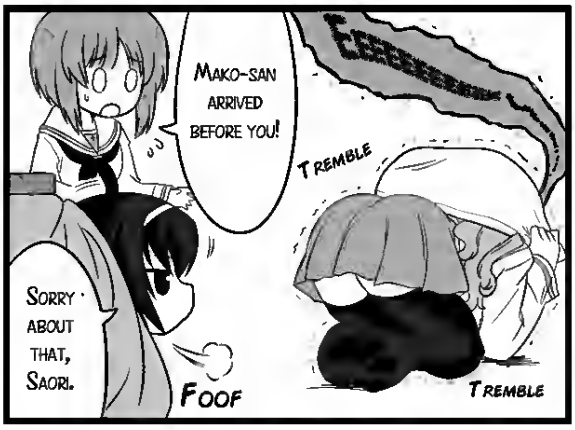


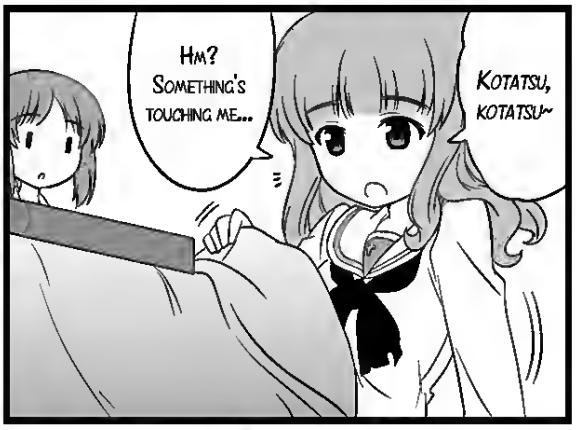


Ed. notes: Reminder that this is the second omakes of the second MLLSD tankoubo, fourth MLLSD omake published, and part of the fourth omake scanlated by us.

OMAKE 2

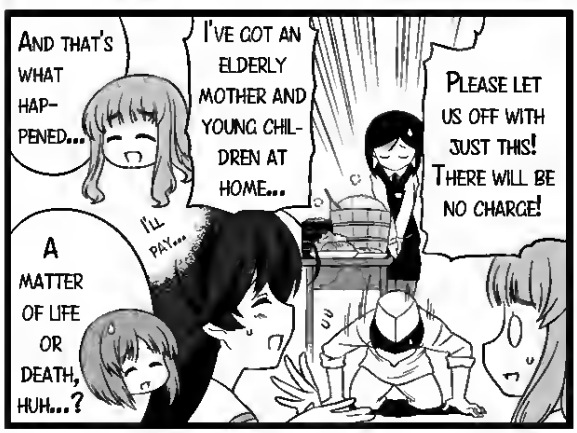
It's the web version edition! Part 2





The Rumored Girl

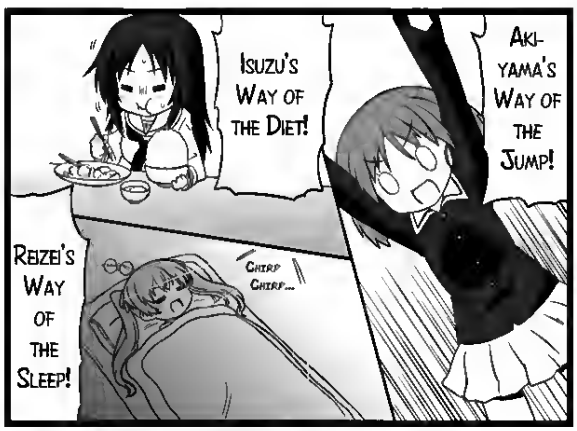
That reminds me, there was this time before at a restaurant...
Oh please, you're embarrassing me...
You're still eating a lot even though it's so late.
Hana-sized helping



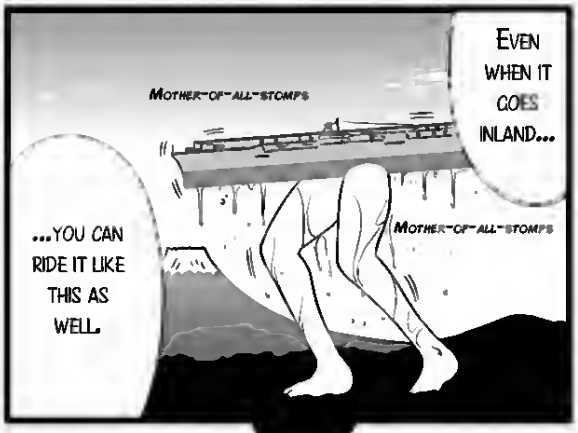
And that's what happened...
I've got an elderly mother and young children at home...
Please let us off with just this! There will be no charge!
I'll pay...
A matter of life or death, huh...?

Ooarai's Way of Panzerkraft

So let's put out a cheer and get to work!
Aaaa-Aah!
It's our mission as the first years to convey Nishizumi-sempai's style of Panzerkraft.



Academy Ship's Secret



Ooarai of the Dead

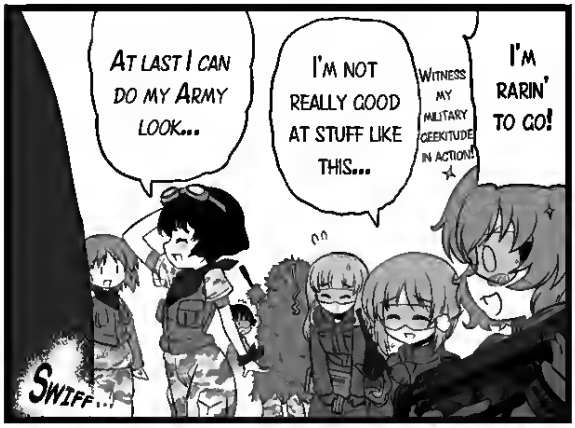
If this academy ship were attacked by zombies, what would you all do?
Shock
I thought about watching a zombie movie last night, and was wondering...

Please, I don't even want to think about anything so super scary.
I'll protect Nishizumi-dono!
I'd barricade myself inside a shopping mall!
There I'd put my survival skills I train daily in to the test!

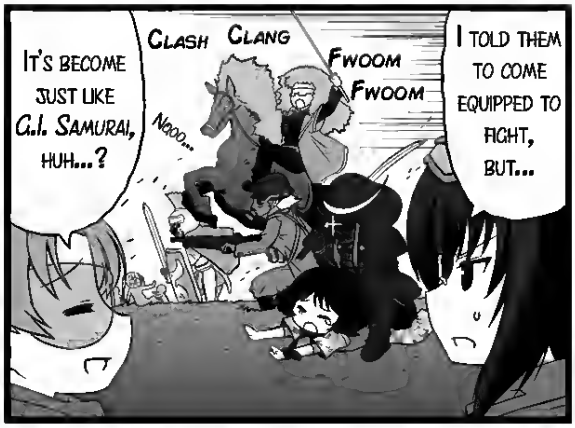
Then, if we could get some HE rounds... a flamethrower would be nice as well.
Straffing them with the machine-gun is an option, but since preserving ammunition is fundamental... head shots, perhaps?
The Nishizumi School is impressive!

Survival

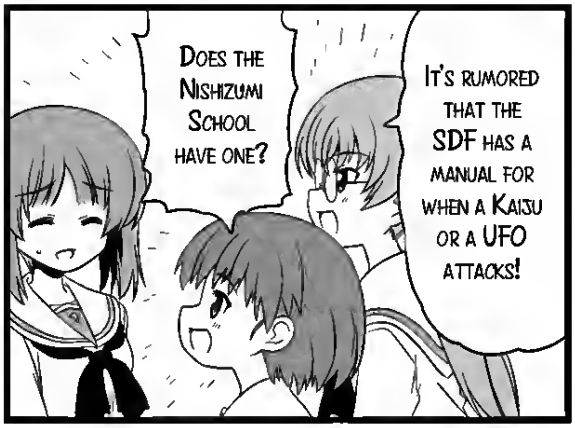
This is a learning event! Don't lose focus!
Although it's not directly related to Panzerkraft,
today we're going to try a Survival Game~~!
Yaay



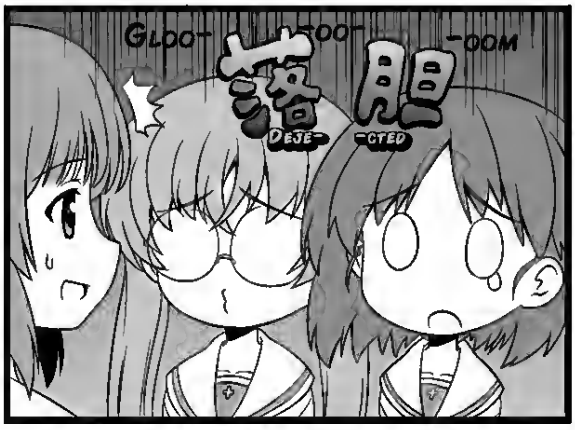
At last I can do my Army look...
I'm not really good at stuff like this...
Witness my military geekitude in action!
I'm rarin' to go!
Swiff...



Hidden Manual



Plus, in Panzerkraft, there's absolutely no opportunities to fight with a Kaiju...
Come on, there's no way. Also, it's not necessarily true that the SDF has one either.



Whether they have them or not...
To start with, you want to look for things such as eggs.
This is really secret, y'know!
Umm... you shouldn't do things like shoot them when they're lined up horizontally.

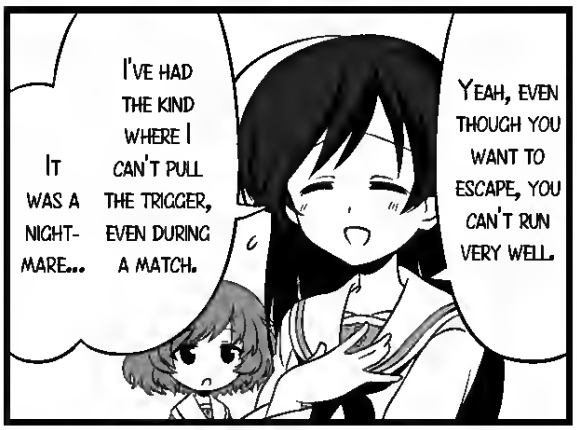
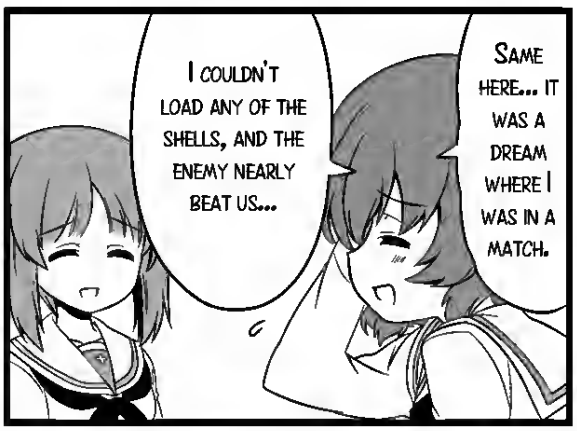
Glad It Was Just a Dream

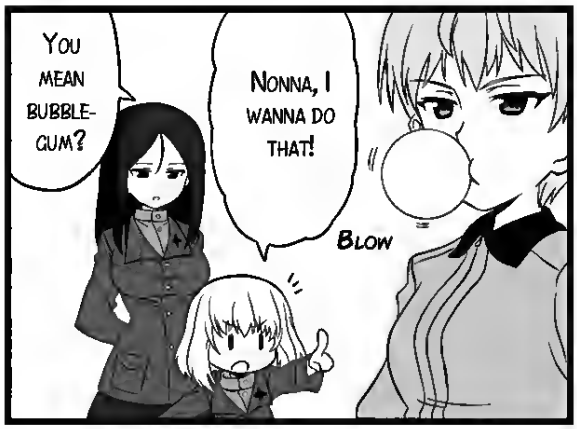
There's also the kind where something unidentified is chasing you!
Oh yeah, I have!
Have you ever had a dream where you were falling from high-up towards the ground?

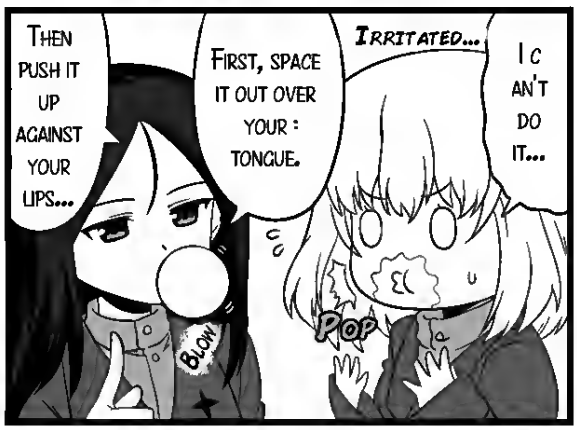


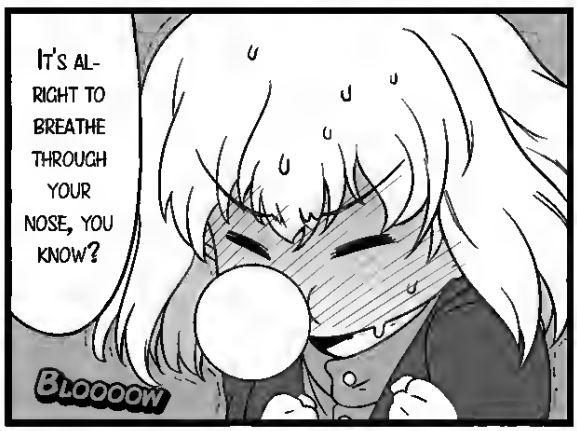
It was a nightmare...
I've had the kind where I can't pull the trigger, even during a match.
Yeah, even though you want to escape, you can't run very well.



Katyusha Challenge



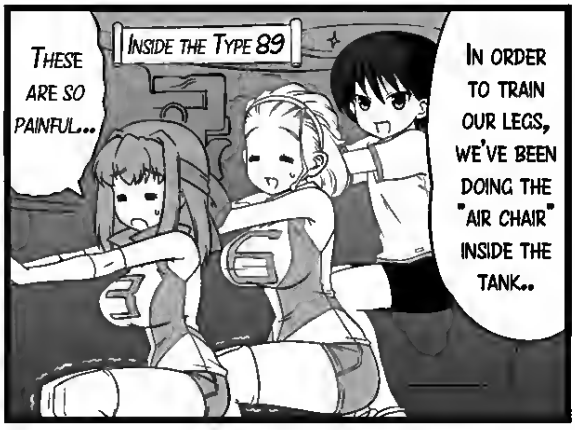


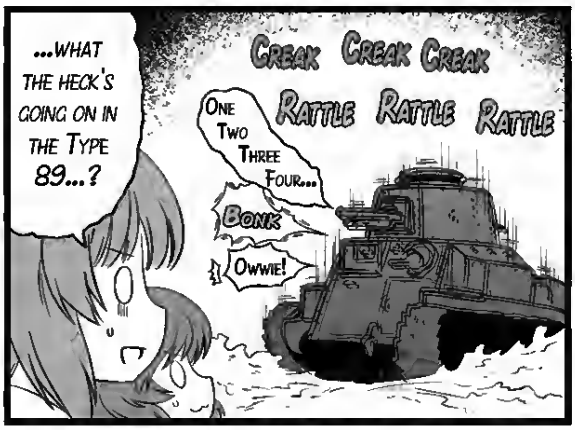


Cap

Shall we make it dark to match the jacket's color?
Or, we could change the jacket to be pink instead...
Come on, there's no way wearing these would be alright?
You're so prepared...

The Day the Type 89 Trembled





ATTENTION TO THE READER

In a world of compromises, some people put watermarks on their pages.

But it doesn't matter, because our translations are the fastest ones out there. Look at how cool our translator is... if you send us money you will be that cool of an operator too. And chicks will dig you.

At /ak/, we stuck some translated text on a manga page, just like a bunch of other scanlating groups have done. However ours is better, because we refuse to post it to any other sites than [redacted] http://ak-scans.wikia.com and [redacted] /a/. Because:

Our wiki is the greatest wiki ever made. It may be unorganized and have limited content, but that's your fault. If you were a real operator you would love it. once again look at our translator, that one sure is cool isn't it?

fluffy Mauser

Yeah, you know you want to send money to us.

And by the way, check out our new website. We decided that humans don't need to quickly read manga by webpages. If you were a really manly teutonic operator, you wouldn't be bother by downloads. plus we've tested the server to be able to take 100,000,000 requests at one time, and that was when the server was buried in a lake of molten lava, on the moon. If you don't believe us, it is because you aren't a real operator.

By the way, our cheap, mass-scanned manga are the best thing ever, and totally worth giving us lots of money, but not that cheap, mass-scanned, manga from other people, thats garbage. not that it matters because you're not in our threads, so you will have to wait for your translations. Because you suck, and we hate you, but we know you'll be back. We can beat you down like a trailer park wife, but you'll come back, you always do.

Give us money.

Sincerely,

/ak/ Marketing Department
